MedILS Summer School

WELCOME TO SPLIT

Split is the largest Dalmatian city, the second-largest urban center in Croatia, and the seat of Split-Dalmatia County.

The city is located on the shores of the Mediterranean, more specifically on the eastern shore of the Adriatic Sea.

In 1979, the historic center of Split was included into the UNESCO list of World Heritage Sites. Split is said to be one of the centers of Croatian culture.

Split has a Mediterranean climate; hot, relatively dry summers and mild, wet winters.

The city of Split with its picturesque old town offers plenty of restaurants, bars, and shops for social activities and can be reached in 20 minutes by foot or in five minutes by bus (bus stop just in front of the Institute).

Mediterranean Institute for Life Sciences

Investment in surprise!

AN INTERDISCIPLINARY THINK TANK FOR CREATIVE SCIENCE

The Mediterranean Institute for Life Sciences – MedILS is a life science institute in Split, Croatia, envisioned as an international center of excellence for molecular biology. It is located in a park on one of the most beautiful stretches of Croatia's Adriatic coast. MedILS offers a unique setting for high-quality workshops for up to 40 people. The Institute features wet labs and computational labs as well as several fully equipped lecture and seminar rooms.
